AUSTIN FRANZ ARABIA

BEGINNER DEVELOPER / UI DESIGNER

austinarabia4@gmail.com | 09937268497 | Brgy. Balabag, Santa Barbara, Iloilo, PH

PROFILE

BSIT student at Western Institute of Technology and a beginner developer / UI designer. Currently in my third year of IT studies, constantly evolving my toolkit to create more impactful and efficient web solutions. Open to projects and collaboration.

EDUCATION

Western Institute of Technology (WIT) **Third Year**

Bachelor of Science in Information Technology (BSIT)

SKILLS

Languages	HTML, CSS, JavaScript, Python
Frameworks	React (primary: React & JavaScript)
Design	UI Design
Services	UI Design, Web Development, React Frontend

PROJECTS

Music Player Card UI DESIGN, FRONTEND

A Spotify-style player card for "Cry" by Cigarettes After Sex, with a progress bar, playback controls and a rainy monochrome backdrop.

Classee UI DESIGN, WEB

Landing screen for Classee, a classroom app with separate entry points for students and teachers.

Susanto-X Gaming Mouse UI DESIGN, FRONTEND

A product card for a gaming mouse with a wishlist heart, peso pricing and an Add to Cart button on a glowing magenta backdrop.

V1-Portfolio PORTFOLIO, WEB, FRONTEND

A personal portfolio website built to showcase my work, UI experiments and developer profile, with a bold cyber-inspired look and a responsive layout.
